EXPLANATORY NOTE

The object of the Statutory Annotations is to present complete lists of the changes in the Public Statutes of the Dominion subsequent to the Revised Statutes of Canada, 1906. It will be readily seen that the first part affects only the Revised Statutes, while the second part affects other Statutes, chiefly those later than the R. S.

The Annotations will be published: one set on gummed paper and detachable, and one set not so prepared. To use the former, it will be necessary to go through the Statutes and attach each Annotation on the margin opposite the chapter, section or part affected by the Annotation. To use the latter, a cross (X) may be made to indicate the change, in which case the Annotations in a separate cover would have to be referred to wherever the cross was found.

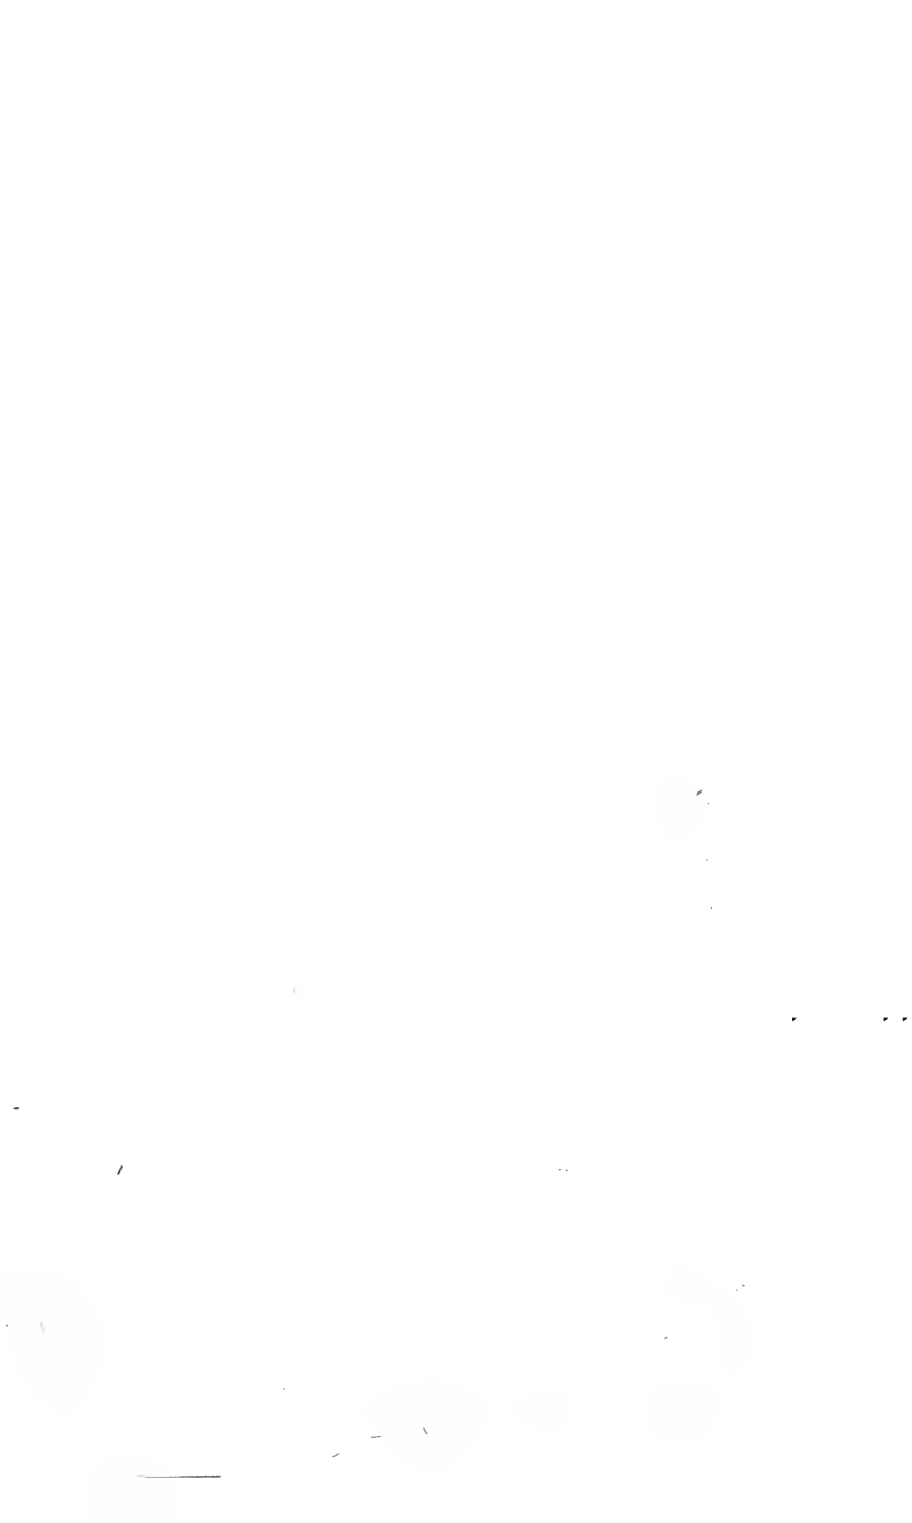

Toronto, November, 1919.
